

CLEAR-PANE

HIGH EFFICIENCY WINDOW, GLASS, PLASTICS AND BRIGHT METALS CLEANER

Use CLEAR-PANE on windows, table tops, mirrors, show-cases, glass-topped counters, lenses, cut glass, car windscreens, perspex, etc.

Cleans reflective surfaces without streaking or smearing.

Ideal for use on all glass surfaces. CLEAR-PANE glass cleaner brightens decorative brass, stainless steel and enamelled surfaces on shop counters, cookers, fridges, dishwashers, commercial vending machines, etc.

CLEAR-PANE is safe to use on plastics and perspex.

Removes atmospheric and tobacco haze, finger marks, lipstick, crayon, squashed insects, traffic film, etc. It even shifts ingrained grime from textured glass.

For cleaning windows etc, CLEAR-PANE should be wiped off immediately with a clean white cloth and buffed to a shine. Do NOT use yellow dusters as CLEAR-PANE will remove the dye, resulting in smeared glass.

When using CLEAR-PANE to clean television and computer monitor screens, apply CLEAR-PANE to the cloth, not to the equipment, then wipe over the surface with the equipment switched off.

STORAGE AND HANDLING:

Keep tightly closed in original containers. Keep away from sunlight and extreme temperatures.

COSHH Data: An EC safety data sheet (MSDS) providing additional information is available on request.

Packaging Sizes:

12 x 1 litre trigger sprays

4 x 5 litre jerrycans

25 litre drums

BENEFITS:

- Use on all glass surfaces
- Cleans glass without streaking
- Non-messy
- Puts a sparkle onto decorative brass, stainless steel and enamelled surfaces
- Safe to use on shiny plastics and perspex
- Great on vehicle windscreens and glass - inside and outside
- Shifts spots from carpets and upholstery
