

# SAN-CARE

## READY-TO-USE BACTERICIDAL HARD SURFACE CLEANER

SAN-CARE is a green, ready-to-use odourless bactericidal cleaner that combines high active detergents with a powerful quaternary bactericide, to provide effective germ kill. SAN-CARE is odourless and non-toxic, so is ideally suitable for use in kitchens and food processing applications

The blend of QAC bactericides affords a broad spectrum of activity against micro-organisms commonly encountered in food processing areas, such as Pseudomonas Aeruginosa, Salmonella Typhi, Esherichia Coli and Staphylococcus Aureus.

SAN-CARE is safe on all materials of construction. It is ideal for use on all work surfaces, including drinks and food vending machines, food mixers, utensils, plant, bains maries, process equipment, walls, floors, painted surfaces, etc.

**METHOD OF USE.** Apply by spray. Rinse off after use with clean water if applicable, to leave a germ-free surface. If rinsing is not possible wipe off with a clean sanitized cloth. However, any residues of the product that remain are non-toxic.

### STORAGE AND HANDLING:

Keep tightly closed in original containers. Keep away from sunlight and extreme temperatures.

Product is not classed as hazardous

pH 7.0 ± 1.0

**COSHH Data:** A COSHH safety data sheet (MSDS) providing additional information is available on request.

### Packaging Sizes:

12 x 1 litre trigger sprays

### BENEFITS:

- Specially formulated for use in the food industry
- Effective cleaning ability
- Contains an effective bactericide
- Emulsifies fats and oils
- Leaves work surfaces hygienically clean
- Effective against gram pos and gram neg organisms, yeasts and spores.
- Versatile
- Non-toxic
